LENNOX™

Lennox add-on cooling TSA series

The Luxury of Lennox Cooling

A Lennox add-on cooling unit completes your home comfort package, giving you cool, refrigerated air and optimal year round comfort.

Lennox add-on cooling can be installed to your existing gas ducted heater regardless of the brand and one thermostat can control both heating and cooling functions.

Superior energy efficiency from the Lennox add-on cooling unit ensures that your system provides the lowest life cycle cost.

Lennox also has a range of indoor air quality products such as humidifiers and air purification systems to complement your heating or cooling unit.
