

DC inverter ducted split systems

Quiet and energy efficient climate control solutions

Lennox DC Inverter Ducted Split Systems deliver complete home heating and cooling through the use of energy efficient DC Inverter technology.

Your Lennox DC Inverter Ducted Split System gives you the ability to zone your house according to your personal heating and cooling requirements. This flexibility allows you to minimise energy wastage and ultimately saves you money.

Plus, the quiet operation of your Lennox Ducted System will allow you to enjoy the comforts of your home, undisturbed by unwanted noise.

LENNOX™

DC inverter ducted split systems

Sleek Unobtrusive Design

Slim, discreet condenser design which doesn't intrude on your outdoor space.

Quiet Peaceful Operation

Quiet operation, allowing you to enjoy the comforts of your home, undisturbed by unwanted noise.

Anti-corrosion Condenser Fins

The outdoor coil is treated to improve fin corrosion resistance and heat transfer for longer life and improved performance.

Ease of Operation

Easy to operate, wall mounted LCD programmable thermostat control gives you the ultimate control of your indoor climate of your home.

Digital Thermostat Control

Offers you ultimate control of your indoor comfort.
